Dear Friends,

Summer has arrived and with it, unfortunately, the ever-present chance of summer storms. High winds, tornadoes, thunderstorms, and flash floods make these storms frightening and dangerous. The disciples were terrified when a violent squall came up while they were sailing on the Sea of Galilee. But not Jesus. He rebuked the storm and calmed the waves. Even the forces of nature obeyed him. May we turn to the Lord during the stormy periods of our own lives. May our faith give us comfort and courage, trusting his strength and his concern for us all.

**THIS WEEK'S SCRIPTURE LESSON:** Storms dominate today's readings, but as both the first reading and the Gospel point out, God dominates the storms. Job learns that God not only created the rain and the sea, but also set limits on them. The powerful waves are kept at bay. In the midst of a violent squall, the frightened disciples are awestruck that Jesus is able to make the strong winds and high waves obey. Let us hear how God can calm even the worst storms.

**STEWARDSHIP:** Jesus assures all faithful stewards of His protection, care and support. At the same time, He calls us to become liberated from those obstacles to Christian discipleship which our secularized culture places in our way.

**A REMINDER:** As we begin the "official" time of Summer – may it be for all of you a time of family enjoyment, filled with picnics, recreation, relaxation, but most of all – attendance at a weekend Mass in the refreshing presence of the Lord.

**A QUESTION FOR THE WEEK:** What storms am I weathering right now? What storms can I see threatening those I know? How can my faith help me handle mine and assist others in theirs?

God bless,  
*Fr. Chuck*

**Vocation Corner:** "I was blessed to attend strong Catholic parishes and entered the Academy of Fine Arts to study painting, which was a dream come true. Still nothing in my life satisfied me completely. I wanted to grow closer to God and I felt the call to give my all to Christ. However, I was terrified with the idea of leaving my family and my dreams, painting, dancing, and children. Then a moment came in prayer when deep in my heart I simply said to God, "OK, I will do it". Suddenly, a peace entered my life like I never experience before. I never knew such peace existed. I completed my school studies and soon went to the convent with my suitcase."

**Pro-Life Corner:**

**What do Abortion Pills do?** Over half of abortions in the U.S. happen by pregnant women taking a sequence of pills. This is known as "chemical abortion." Its supporters refer to it as "medical abortion" or "medication abortion." Chemical abortion uses two drugs. First, mifepristone (also called by the brand name, Mifeprex, or RU-486) is taken to damage a woman's uterine lining, cutting off nutrition and oxygen to her pre-born child, causing starvation and suffocation. Then, one to two days later, misoprostol is taken to push the baby's remains from the womb. Fortunately, if a woman changes her mind before taking the second drug, the child may be saved about two-thirds of the time through an abortion pill reversal process involving the hormone progesterone.
